## TOWN WARRANT

### The State of New Hampshire

To the Inhabitants of the Town of Mont Vernon in the  
County of Hillsborough in said State, qualified  
to vote in Town Affairs:

You are hereby notified to meet at the Town Hall  
in said Mont Vernon on Tuesday, the fourteenth day  
of March next, at three of the clock in the afternoon,  
to act upon the following subjects:

1. To choose all necessary Town Officers for the  
year ensuing.

### ACTION ON SUCCEEDING ARTICLES

DEFERRED UNTIL 7:30 P. M.

2. To raise such sums of money as may be neces-  
sary to defray town charges for the ensuing year and  
make appropriations of the same.

3. To act on reports of all Town Officers, Agents,  
Auditors, Committees, etc. and raise and appropriate  
any money relative thereto.

4. To see if the Town will authorize the Selectmen  
and Treasurer to borrow money in anticipation of  
taxes.

5. To see if the Town will vote to accept Town  
Road Aid for construction of Class V roads, and raise  
and appropriate for said purpose the sum of \$643.03  
(State will add \$4,286.84).

6. To see if the Town will vote to raise and ap-  
propriate the sum of \$1,000.00 for the construction  
and replacement of the lower end of the town drain  
from a point on the highway near Alan Hazen's and

continuing across land now owned by Elmer Greenhalgh.

7. To see if the Town will vote to raise and appropriate the sum of \$3,200.00 for the purchase of two blade snowplows for the Highway Department.

8. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 for the purchase of a new Pumper for the Fire Department.

9. To see if the Town will vote to raise and appropriate the sum of \$24,475.00 for the purchase of a new, six-axle-drive and steer Grader with wing, less V-point plow (presently owned by Town), for use by the Town of Mont Vernon Highway Department. Presently owned worn out equipment, Grader and Cletrac Tractor with plow, to be traded, or sold, and receipts from such sale to be applied to the initial purchase cost of above new equipment.

10. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the purpose of drilling an artesian well and installing a pump and necessary plumbing in the fire station.

11. To transact any other business that may legally come before said meeting.

POLLS WILL BE OPEN AT 3:00 P. M.  
AND SHALL NOT CLOSE BEFORE 9:00 P. M.

Given under our hands and seal, this twenty-fifth day of February, in the year of our Lord nineteen hundred and sixty-one.

WILLIAM O. LAMSON,  
ROBERT C. MASON,  
WALTER G. SMITH,

Selectmen of Mont Vernon, N. H.

ROLAND E. CHRISTIE, JR.,  
Treasurer.

This year the Cemetery Trustees have initiated several programs of improvement maintenance in the Cemetery. Several large Maple trees dying from Maple disease are endangering grave stones in their immediate areas. One of these was removed this year, as is planned to be done each year as necessary. The stone wall along the east side of the Cemetery, fallen down and disreputable in many places, has had a portion started to be rebuilt. This is expected to be done over several years until the entire length has been rebuilt. A renewal program of liming and fertilizing has been started this year.

This coming year these programs will be continued with additional projects planned. The front iron gates must be scraped and refinished, as well as the Tomb entrance and the white wooden gates repainted. A grading program will be started with many of the most sunken lots getting first attention and the entire area done over a three year period.

Income from sale of lots, charges for work done on perpetual care lots and accrued interest income from the Kendall Cemetery Fund together with an appropriation of \$300.00 by the town will allow the Cemetery Trustees to continue to maintain Green-lawn Cemetery in a most presentable condition.

F. E. TOWER, Chairman

## DALAND MEMORIAL LIBRARY

The Daland Memorial Library has had an active year in 1960. It sponsored an exhibit by the 4-H groups. During Library Week the library was open extra hours to allow the townspeople to enjoy the special exhibits displayed. There were book reviews written by the children in the grade school, together with articles made by various hobbyists of the town. Ceramics, paintings and hooked rugs to name a few.

It was with a great deal of regret that the Board of Trustees accepted the resignation of Mrs. Ruth S. Endrejat to take effect May 1st. On October 29th a testimonial tea was given by the Trustees in honor of Mrs. Endrejat at the home of Mrs. Charles Hartshorn. Many of Mrs. Endrejat's friends and townspeople dropped in to wish her well in her retirement and thank her for her many kindnesses. Mr. Frank Reagan presented her with a purse in appreciation of her many years of faithful service.

Mrs. DeWitt Miller Groves was appointed librarian by the Trustees.

We have added 240 books to our collection. Many gifts from friends and townspeople as follows: Mrs. Joseph Cutter, Mrs. Isabel Hall, Mrs. Richard Blanchard, Mrs. Malcolm Hall, Chatterbox 4-H Club, Mrs. Arthur Goodwin, Mrs. John Bailey, Rev. George Thomas, Robert Goffin, Mrs. Leonard Morrison, Miss Bessie Daniel, Jerry Christie, Mrs. Charles Hartshorn, Frank Reagan, Rae Lee Randall, Mrs. Roger Conant, Mrs. William Ferguson, Miss Jane Conant, Mrs. Lila Pomeroy, Mrs. Mary Christie and Mrs. DeWitt Miller Groves.

Our reference shelf is augmented by Collier's Encyclopedia, a new edition of Bartlett's Quotations, and the Lincoln Library.

In the last six months of 1960, we had 22 requests

from the State Library. During that period we had 668 customers; 1534 books taken out; or 2.3 per customer. \$21.76 was collected in fines.

A children's corner for pre-school children is planned. Mrs. Brian Long has donated a table and the Wayside Circle of the King's Daughters has bought four kindergarten chairs. These are being painted and soon will be in use.

We wish to thank all the townspeople for their whole-hearted cooperation in making this a really successful year in the life of the library.

Respectfully submitted,  
KATHRYN DAVIS GROVES.

## REPORT OF POLICE CHIEF

During the year 1960, the following complaints were received and acted on accordingly:

Accidents	15
Motor vehicle violations	7
Suspicious persons	5
Accidents resulting in personal injuries	3
Juvenile complaints	12
Malicious damage	5
Breaking and entering	3
Larceny	1
Speed warnings — written, 17; oral, 34	51
Dog bites	3
Dog complaints	11
Care of stray dogs	5
Court cases	2
Missing person	1

This year the bicycles were registered and we will register them again the first of May. It will be necessary to order a larger number of license plates due to our expanding juvenile population.

Once again we received a Certificate of Safety from the State of New Hampshire for having had no fatalities within the town and we should feel very fortunate due to the increased volume of traffic which uses Route 13 on their way north. I believe we should erect a large sign giving outsiders fair warning of congested areas ahead and the speed limits which should be strictly enforced.

We have cooperated with the State Police and other Town Police on any complaints where they have requested assistance and have also received excellent cooperation from them where needed.

ROLAND E. CHRISTIE, JR.,  
Chief of Police.

## FIRE DEPARTMENT REPORT

Last year we had five fires, two of which were classified as major fires. With the favorable weather conditions and prompt aid from surrounding towns, the larger portion of the property was saved. This enabled the owners to renovate and thus the town lost none of its tax revenue in either case. The heavy cost of the fires made it impossible to purchase any new equipment. We are, therefore, asking an increased amount in the budget to buy pipe to run from both Jew Pond and Woods Pond to the roads. This would make for a better and easier hook-up in winter and mud season and also allow more pumps to work simultaneously.

One new thing that was tried out this year was the placing of a plastic wastebasket in a pond before freezing occurred. When needed this pops out with very little leverage, enabling the firemen to obtain water more quickly. Since this proved successful, we plan to use more next year.

The Fire Department will continue to fill the soda acid tanks free of charge as long as the present supply lasts. Anyone wishing to have same checked, please bring them to the fire house on the first Monday evening of any month.

New fire cards will be printed shortly after town meeting. Each house will receive a copy when available.

Last year we reported to the townspeople that in the near future purchasing a new fire truck would have to be discussed. Our "newest" truck is now about nineteen years old. There is an article in the warrant this year for the purchase of a new truck. The figure used is a basic figure for a commercial chassis. The above truck would be a combination tanker and pumper. The figure in the warrant may

be a little higher than actual cost. There has been a rumor that our E-1 rating in the village could be lowered because of out-dated equipment. It is our hope that in the near future this may be either substantiated or denied by the State Fire Insurance Underwriters, but at this time the rumor is not confirmed. A new piece of apparatus which met the requirements of the Underwriters would undoubtedly hold our rating at the same rate in the village and perhaps extend it for an additional mile. This would mean a reduction in fire insurance premiums to the townspeople in that area.

We would like to thank the townspeople for their cooperation and support to our activities during the past year and also to all others who in any way rendered aid or support.

W. G. SMITH, Chief.

## **FIRE WARDEN REPORT**

### **Prevention Is Your Business**

Carelessness, human carelessness, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 per cent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws

and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them:

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

## WARRANT FOR ANNUAL SCHOOL MEETING

### The State of New Hampshire

To the Inhabitants of the School district in the Town of Mont Vernon qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 21 day of March 1961, at 4:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to adopt a plan for extending to employees on regular payroll of the district the benefits of title II of Federal Social Security Act as authorized by Chapter 101 of Revised Statutes Annotated as amended by Chapter 301 and 332 of Laws of 1955 and to raise and appropriate the sum of \$15.00 to defray the district's share of the cost thereof.

10. If a plan of Social Security coverage is adopted, to see if the district will authorize the School Board to execute on behalf of the district the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the town will designate the school treasurer as the office to be responsible for the administration of the plan.

11. To see if the district will vote to rescind the action taken at the last annual meeting to pay any balance in the treasury at the end of the fiscal year to the receiving district as an advance tuition payment.

12. To see if the district will vote to raise and appropriate the sum of \$400.00 to compensate a part-time instructor in Art Education.

13. To see if the district will vote to raise and appropriate the sum of \$300.00 to pay the costs of television equipment and station charges.

14. To see what disposition the district will vote to take on the present school problems, namely,

Plan 1. Build a new four room elementary school on a new site.

Plan 2. Build an addition of one or two new classrooms to the present elementary building.

Plan 3. Renovate the second story of the present building to provide two new classrooms.

Plan 4. Tuition the sixth grade to Milford.

Plan 5. Tuition for fifth and sixth graders to Milford.

Plan 6. Rent facilities in another building, providing space for one of the three groups of students, such as the combination grade 5 and 6.

Any other plan;

and to determine the manner of providing the funds for such plan, as decided, by serial notes or bonds and/or appropriation and to give the school board the authority to raise these funds as provided by Chap. 33, R.S.A. or other pertinent sections of the law.

Given under our hands at said Mont Vernon this 17th day of February 1961.

## REPORT OF THE SUPERINTENDENT

This is the 44th in the Series, 22 of which have been mine. This being the last for me, I think back to the first and quote: "It is my plan to adjust myself to the organization as I come into it, to suggest changes only as the need arises, or a change will better serve the pupils in the schools." This philosophy still holds and the future will show how faithfully it has been followed. Welfare of pupils is the test of every action.

### Duties

With a new Superintendent coming in and the present one retiring, I think it pertinent to recall what School Boards and Superintendents do. Space prevents listing all the activities which they collectively or individually perform.

#### A. School Board duties are:

Elect teachers upon nomination by Superintendent and fix salaries and terms of employment.

Employ janitors and other employees.

Authorize purchases.

Provide suitable school facilities and transportation.

Prepare budgets and see that proper accounts are kept.

Hold meetings to transact business.

Determine, upon recommendation of Superintendent, subjects to be taught and time devoted to each.

#### B. Superintendent's duties:

Must give his entire time to the position.

Enforces rules, laws, regulations that concern schools and the welfare of children.

Directs and supervises the work of teachers and janitors.

Nominates teachers (i.e., he seeks the candi-

dates and asks the School Board to approve them.)

Selects and purchases books and supplies.

Keeps records and makes reports.

Removes teachers who are immoral or incompetent.

Provides substitutes and may secure fuel or other supplies if the School Board fails.

Admits pupils, assigns them to class, promotes them and recommends their graduation.

Just a quick glance at the above will show you the general duties. There are innumerable specifics that may or may not be covered by the above. Let it be said that the School Board is intended to be a policy-making and a legislative body. As such, it must act as a body with the will of the majority governing its actions. The Superintendent is the executive officer and the administrator for these actions, as well as those prescribed by law or regulation.

In general, let it be said that Education is a state function as outlined in Article 83 of our Constitution. The General Court, in turn, has given authority to a State Board of Education and to local districts to perform certain functions with regard to schools. So, in many respects there is a clear line of responsibility descending from the state to all its local units, and the reverse in ascending form.

### **Teachers**

There were no teacher changes in the past year. The combined experience of the three regular teachers here now stands at 27 years, which is a good sign of mutual satisfaction.

### **Financial**

I go back to 1940 again to review the budget presented there to find the total as \$4,710.25 for some 28 pupils locally, and 22 tuitioners. Twenty years later the

total is \$40,388.22 for 79 pupils and 54 on tuition. I find also that the per pupil Elementary costs for the previous year were: Amherst \$72.63, Brookline \$62.09, Hollis \$63.92, Milford \$62.21, and Mont Vernon \$106.37 with the State median at \$81.07. Today's figures would read: Amherst \$241.33, Brookline \$197.69, Hollis \$231.47, Milford \$229.42 and Mont Vernon \$213.29 with the state average at \$262.00. As was stated in my first report: "these figures should point to the fact that your schools have not been conducted at excessive cost."

### **Finis**

I invite your attention to all the other reports that are included herewith. They represent work accomplished and deserve your consideration.

As I pay my final respects to each and every one of you, it is with appreciation and gratitude that our relations have been so mutually cordial and cooperative. As a farewell gesture, I desire to commend all my friends for their patience and forbearance in my humble undertakings and to forgive my enemies. I want to leave with nothing on my conscience. I know I leave with much unfinished work. But, so it is with any who lays down his labors for another to take up. However, I am still alive and hope to continue a lively interest in your affairs. I shall think about them often.

So, with this, I say, "Au Revoir."

Very respectfully,

HAROLD C. BOWLEY,  
Superintendent of Schools.

January 16, 1961.

## REPORT OF OUR HELPING TEACHER

### Exceptional Children

An exceptional child is one who for one reason or another requires special attention in order to maintain himself in the educational process. He is one who differs physically, emotionally, or intellectually from his classmates and whose needs must be met according to these differences. It has been said that the quality of a school's service to all its pupils is related to its efforts with the exceptional pupil.

The grouping practices in the schools in Supervisory Union No. 40 have been an attempt to consider the individual differences to be found among our children. For a majority of them these needs have been met to a considerable degree. Most of the teachers realize that mass production may be desirable in a factory but is impossible in education. They are concerned with the varying factors of exceptionality which if not considered through special programs prevent the child from achieving according to his own ability. Although we recognize that individualized instruction is the best possible way to educate any child its cost in additional teachers would be prohibitive if all children were to receive this type of education. Our large average group seems to be adequately cared for by our present grouping practices. To a great extent the fast learning and the gifted seem to be sustaining less and less loss as the teachers are becoming increasingly aware of their needs and are providing enrichment and acceleration which offer them the challenges they require. We realize that the problems of motivation, instruction and guidance may reach a better solution within the classroom when children are grouped with others of similar abilities. This has been quite evident since the inauguration of our present program which starts and continues with the premise of a child's readiness for the subject matter and concepts to be acquired.

In spite of this practice we find a few children who receive insufficient benefit from it because of the very nature of their exceptionality. These are the pupils who are so outdistanced by the more rapid learners that they must be given a great deal of individual attention in order to maintain themselves within the classroom. Their instruction must be individualized. This involves special teaching techniques, the use of separate and different materials, extra help and drill. This has been proven the best if not the only way to provide them with an educational opportunity equal to that of other pupils. Past methods have been inadequate and in many instances detrimental. Behavior problems are engendered when the pupil repeats grade after grade and finds himself with much younger children. Social promotions may help the pupil in one way but cannot solve the problems created when the teacher must take time from the rest of the class to give him as much of her attention as is necessary to teach him even a minimum of subject matter. Often he vegetates in one room after another, getting what little he can but seldom as much as he is mentally able to acquire. He remains an underachiever. If these children were together as a group rather than scattered throughout the several schools within the Union their needs might be more adequately met.

### **Need for a Program**

At the request of the Union School Boards I have attempted to identify these children and to present an acceptable program which will bring together these children from Amherst, Brookline, Hollis, Milford and Mont Vernon. Eighty-six children were individually tested after being selected by teacher recommendation and information obtained from guidance folders based upon previous tests. About 45 of these pupils were considered eligible for special classes and represent slightly over three percent of the 1,391 children in the

present Grades One through Six. Considering the vast amount of individualized instruction necessary to teach these children it is customary to limit the class size to about 16. We hope to have two classes based upon chronological ages and that will be offered the type of program suitable to each age group. Provision for the location and costs of maintaining this program are considered elsewhere in the school report. Each district will have an opportunity to participate in this venture — a program which will at last care for the educational needs of these children. The costs given are a maximum with quite favorable prospects of being reduced. The outlook for legislative action this year is very encouraging. Financial help from the state may be forthcoming.

The School Boards and Superintendent of Supervisory Union No. 40 are to be commended for their interest and efforts in behalf of this program to the end that all children shall have an equal opportunity for an education. I wish to thank them along with the principals and teachers, parents and friends who have made this past school year an educationally profitable one for so many of our children.

Respectfully submitted,  
MABEL I. CONNOLLY,  
Helping Teacher.

## SYNOPSIS OF MONT VERNON SCHOOL MEETING – MARCH 3, 1960

The annual meeting of the Mont Vernon School District was opened at 4:00 P. M. by Moderator Walter Thompson to vote for officers under Article I of the Warrant.

At eight o'clock voting was suspended, a prayer was offered by Rev. George Thomas, the Moderator read the Warrant, and the meeting proceeded to act on the remaining Articles of the Warrant.

It was voted that in the future all cash balance remaining in the treasury of the District at the close of each year be used to pay advance tuition to the High School with which we are doing business.

Article 2. Voted to pass over Article 2 and take up Article 5.

Voted to accept the budget as printed in this School Report, to raise and appropriate \$36,431.31.

Article 3. No action.

Article 4. No action.

Article 6. Voted to adopt the article as printed in the Warrant.

Article 7. No action.

Voting by ballot was resumed, and at 8:30 it was voted that the polls be closed.

At 9:00 P. M., the Moderator read the results of the ballot:
